Dedications

We had a very difficult time choosing from such a great group of faculty and staff members. As a result, we decided to choose three amazing recipients!

One of this year's recipients is a person who has been working at Concord Middle School for the past 32 years. He likes to spend his summers up in Wells, Maine and his favorite part of his job is greeting everybody as they walk into the school every morning. He is always outside greeting people every morning, no matter the weather. He is a very hardworking, respectful, and caring person who doesn't get credited enough. That is why Mr. Bozak is one of the recipients for the 2016-2017 CMS yearbook dedication.

Another of this year's recipients is a very committed and hardworking individual. This person started working at CMS in 2000. He always has a smile on his face, and he lights up whenever students interact with him or acknowledge his contributions to the school community. He really cares about students and even though it's not required for his job, he knows their names. A few examples of how he helps our school community behind the scenes are that he often sets up and cleans up for school dances and events. He manages and takes care of the maintenance and cleanliness of our school and is supportive of the faculty and staff. That is why we are including the man you know as Willie, Mr. William Furtado, as one of our 2016-2017 CMS yearbook dedications.

Our final recipient is a well-respected and inspirational person. This individual started working at CMS in 1994. People describe this teacher as kind, caring, patient, passionate, and encouraging. Students have said that this teacher is a great fit for the job, funny, and compassionate, but also pushes her students to do their very best. The class atmosphere is supportive, happy, warm, and fun, but the students always get their work done. This person is always there when kids need her for extra help, a push to get going, or someone to talk to. She works well and understands how to help students with all different learning styles. She is constantly re-evaluating lesson plans and curriculum in order to ensure that all students reach their full potential. Not only is she an amazing teacher, but also a mentor and coach for teachers, students, and athletes alike. She is involved with many different programs, including cross country, track, intramural basketball, the METCO achievement team, summer school, and the teacher mentoring program, just to name a few. She takes her job extremely seriously and takes the time to connect with all students mathematically and personally, which is why she is dual certified in special education and mathematics. For all these reasons and for going above and beyond, she is a true gift to our school. That is why we would like to also dedicate the CMS 2016-2017 yearbook to a person that taught us it is alright to like math, Ms. Harmon!
Warm Welcomes and Fond Farewells

Alyssa Bigay  Jennifer Khamarji  David Lawrence  Mike Logue  Joel Rubin

Welcome to Concord Middle School! It was great having you as our teachers!

Mr. Stern has been working as a math teacher at CMS for 31 years! He will be greatly missed by all! Thank you for everything you have done over the years!

Ms. Malzman has been working as a Special Education teacher at CMS for 9 years. Her students will miss her easy manner and big smile. Thank you!
2016 - 2017 Yearbook Committee

Where do I begin... this was my first year as yearbook advisor, and I had pretty large shoes to fill. I was afraid that no one would show up to be on the committee. I was shocked when we had over 50 people! Those numbers leveled off at around 30 - AMAZING! I had an awesome group of students who worked well with each other, took photos, completed pages, and were all-in-all a joy to work with. My editors, also AMAZING, really stepped it up at the end - going through all the pages with me, making sure everyone was included and all names were spelled correctly! I could not have completed this book without the faces you see above. I will miss them next year and wish them all the best wherever their future brings them! Ms. Scalzi

Horoscope

Aries- March 21 - April 19
This summer will be filled with energy and you will face some challenges and wear comfortable clothing. You might make friends with a Leo or a Sagittarius and maybe even see Mars on one of the clear summer nights.

Taurus- April 20 - May 20
Over the summer you will enjoy cooking while listening to music in some very expensive clothes. Be careful to not swallow any bugs though. Also, try to think of others and be inclusive.

Cancer- June 21 - July 22
Over the summer, you will make up an entire new realm of the universe in your mind while being near the water and having a good meal with your friends. If any strangers insult your mom just be sure to not land yourself in jail.

Leo- July 23 - August 22
During the summer, you will attend a very expensive theater with your best friends. On Sunday you will bask in the sun while making everyone pretend that you are the monarch. If anyone disobeys... off with their head!!

Libra- September 23 - October 22
This summer, you and all your friends will make an a capella group that will always sing in harmony. If you aren't in the outdoors, you are sharing with others and making beautiful things. If they don't turn out well you wallow alone in your room with self pity.

Scorpio- October 23 - November 21
Some of your summer might be spent searching for the truth of life but that is kind of boring so you might go meet some of your longtime friends and go out for lunch. You also will prank your friends on a Sunday.

Capricorn- December 22 - January 19
Your enemies, if you have any, might think that you are a fancy-pants know-it-all but you will show them how great you are maybe during your family vacation.

Aquarius- January 20 - February 18
After school ends and you are back to your energetic summer self, you are going to watch Star Wars and learn the ways of the force. Fun Fact: “It’s an energy field created by all living things. It surrounds us and penetrates us; it binds the galaxy together.” By the way, don’t forget that when you need help, asking for it will help you in the long run.

Gemini- May 21 - June 20
This summer will be filled with cupcakes as you make new friends and dance to some great music together. You will fill your room with artwork. Just don’t worry too much or else there will be no cookies for you.

Virgo- August 23 - September 22
The summer will bring lots of animals to your life while you are organizing your closet that never seems to have enough clothing. You will help a bunch of people during their times of need by eating cupcakes and reading a ton of books.

Sagittarius- November 22 - December 21
Over the summer you will have a part time job as a comedian traveling around the world. Your skits become even more funny since you don’t bother learning the language of wherever you are. If you get trapped in a tiny room, you will go insane since you hate confined spaces and being alone.

Pisces- February 19 - March 20
You might volunteer for something due to your interminable kindness and create some beautiful artwork. If you are not careful, you may become the victim of a crime that threatens to bring back your shady past.

What Were They Thinking?

I'm Ready... To take on... This... photoshoot!

Still eating breakfast...

I'm sooooo totally happy to be back from vacation!

I see you over there!

Do you like my smile??
Do I have another chin yet?
Such a model

I'm a little confused about this topic...

Confessions

I have a crush on my best friend’s boyfriend

My mom let me hang out at my friend’s house, their parents weren’t home so we played rap music!

The lunch lady lets me get free apples.

Sometimes I eat my belly button lint because it tastes like chili dogs ;)

I miss George Michael :(.

My friend Jack Henry thinks we are just friends...but I know we are much more. We must be siblings.

I really am fashionable. They make fun because they say leggings are not pants. Ugh!!

I’m really scared right now. While solving a mystery in science, I suspected my teacher was the thief. She said, "NO!!" and denied it. Help!!!

I think we all know why we REALLY like health class...

:)
Is your name Daniel, because DANG!

If Internet Explorer is brave enough to ask you to be your default browser, I'm brave enough to ask you out.

If you were on the McDonald's menu you would be a McGorgeous.

I lost my phone number can I borrow yours?

Dang girl, are you my appendix? Because I don’t understand how you work, but this feeling in my stomach makes me want to take you out.

If you were a keyboard I would put U and I next to each other.

If you were a lamp I would turn you on.

Dang girl, is your name wifi? Because I’m feeling a connection.

Aside from being attractive, what else do you do for a living?

Your body is 75% water, and I’m thirsty.

Are you God? Because you are the answer to all my prayers.

Hey, tie your shoes! I don’t want you falling for anyone else.

You know what material this is? [Grab your shirt] Boyfriend material.

The only thing your eyes haven’t told me is your name.

Girl, you better have a license, ’cuz you are driving me crazy.

Thank you, Mr. Stern!

For more than 30 years he has been the heart of CMS. You can't help but notice him because he is always here. He is one of the first teachers to get to the building in the morning and you can hear him giving extra help at 7:30 on any given day (it's hard to miss that booming voice!). He is often the last to leave, running intramural basketball and Dodge ball in the winter or coaching softball in the spring. For many years he was the yearbook adviser and could be seen at EVERY event with his camera. He served salad at the 6th grade spaghetti dinners and grilled veggie burgers at the 7th grade BBQ. Much of his April vacation was given up in order to finalize the yearbook, making sure pages were complete and inclusive of all 8th graders. And who can forget about DC? He has organized and arranged the 8th grade fun raisers and trip for over 20 years. He makes sure the experience is memorable for our students and gives them the opportunity to personally experience what they have learned.

He gives more to CMS than most people know, but what many don't realize is the time it takes just to get to school. He lives 45 minutes away on a good day, but loves our community so much that it has made his commute worthwhile for the last 31 years.

So when the last bus pulls out on June 16, we will for one last time watch him wave goodbye to all his kids and jump for joy with the faculty that another year has ended. The heart of CMS will skip a beat for a brief moment as we wish Mr. Stern good luck in his retirement and encourage him to enjoy his permanent vacation.

- Mrs. Harmon
